The conference will feature a keynote address by Professor Stephen Hawking, one of the world's leading physicists and cosmologists. Professor Hawking is well known for his work on black holes and the Big Bang, and he is also a strong advocate for the use of assistive technology to help people with disabilities.

In addition to the keynote address, the conference will offer a range of presentations, workshops, and demonstrations on a variety of topics related to assistive technology. These topics will include:

- Universal design and accessibility
- Rehabilitation and assistive technology
- Education and assistive technology
- Employment and assistive technology
- Independent living and assistive technology

The conference will also provide an opportunity for attendees to network with each other and learn about the latest products and services from leading assistive technology companies.

Registration

Registration for the conference is now open. The early bird registration deadline is July 15 2024. The regular registration deadline is August 15 2024. To register for the conference, please visit the following website:

<https://www.icchp2024.org/>

Accommodation

A block of rooms has been reserved at the Hotel NH Lecco Pontevecchio for conference attendees. To book a room, please contact the hotel directly and mention the ICCHP 2024 conference.

The Hotel NH Lecco Pontevecchio is located in the heart of Lecco, just a short walk from the conference venue. The hotel offers a variety of amenities, including a swimming pool, fitness center, and restaurant.

Transportation

Lecco is easily accessible by train and car. The city is located on the main train line between Milan and Venice. There are also regular bus services from Milan and Bergamo.

If you are driving to Lecco, there are several parking garages located near the conference venue.

The 17th International Conference on Computers Helping People with Special Needs (ICCHP) is an important event for anyone interested in the latest developments in assistive technology. The conference will offer a unique opportunity to learn from leading experts in the field, network with other professionals, and experience the latest products and services from leading assistive technology companies.

We hope to see you in Lecco in September 2024!
