

Cruise Missile Liberals: The Unimaginative Leftists Who Just Can't Stop Shooting Themselves in the Foot

In his new book, *Cruise Missile Liberals*, Spencer Gordon takes a scathing look at the left-wing's self-destructive tendencies. Gordon argues that liberals have become so obsessed with purity and political correctness that they have abandoned common sense and alienated potential allies.

Gordon's book is a timely and important contribution to the debate about the future of the left. He offers a clear-eyed assessment of the challenges facing liberals and provides some much-needed advice on how to avoid the pitfalls that have led to their recent decline.

One of the most striking things about *Cruise Missile Liberals* is Gordon's ability to see the left from the outside. He is not a liberal himself, but he has a deep understanding of the movement's history and ideology. This allows him to offer a unique perspective on the left's current problems.

Gordon argues that the left has become too focused on identity politics. This focus has led to a narrow and divisive politics that has alienated potential allies. Gordon believes that the left needs to broaden its appeal if it wants to win elections and enact its agenda.

Gordon also criticizes the left's obsession with political correctness. He argues that this obsession has made the left afraid to speak its mind. This has led to a loss of intellectual vitality and a decline in the left's ability to persuade others.

Gordon's book is a must-read for anyone who is interested in the future of the left. He offers a clear-eyed assessment of the challenges facing the movement and provides some much-needed advice on how to avoid the pitfalls that have led to its recent decline.
