Douglas 20/26: The Ultimate Guide to McDonnell Douglas' Legendary Jetliner is the definitive book on one of the most successful commercial aircraft ever built. This comprehensive volume covers the entire history of the DC-8, DC-9, and MD-80/90 series aircraft, from their early development to their final days in service.

Author Greg Goebel provides a detailed look at the design, development, and production of these iconic aircraft. He also covers their operational history, including their use by airlines around the world. The book is illustrated with hundreds of color and black-and-white photographs, as well as diagrams and charts.

Douglas 20/26 is a must-have for anyone interested in aviation history, commercial aircraft, or McDonnell Douglas. It is a comprehensive and well-

researched book that provides a wealth of information about these legendary jetliners.
