Literacy is a fundamental skill that is essential for success in school and in life. A strong literacy foundation enables students to read, write, and communicate effectively, which are key skills for success in all academic areas. However, choosing the right literacy curriculum can be a daunting task, as there are many different options available.

Evaluating The 12 Literacy Curriculum provides a comprehensive overview of the latest research and best practices in literacy instruction. This essential resource for educators offers practical guidance on how to evaluate and select the most effective literacy curriculum for your students.

What is a Literacy Curriculum?

A literacy curriculum is a set of materials and lessons that are designed to teach students how to read, write, and communicate effectively. Literacy curricula can vary greatly in their approach, scope, and sequence. Some curricula focus on phonics, while others emphasize whole language instruction. Some curricula are designed for use in specific grade levels, while others are designed to be used throughout a student's academic career.

How to Evaluate a Literacy Curriculum

There are many factors to consider when evaluating a literacy curriculum. Some of the most important factors include:

- **Alignment with state and national standards.** The literacy curriculum you choose should be aligned with the state and national standards for literacy instruction. This will ensure that your students are learning the skills and knowledge that they need to be successful in school and in life.
- **Research-based practices.** The literacy curriculum you choose should be based on research-based practices. This means that the curriculum has been shown to be effective in helping students learn to read, write, and communicate effectively.
- **Engaging and motivating.** The literacy curriculum you choose should be engaging and motivating for students. Students are more likely to learn when they are interested in the material and when they find the lessons to be enjoyable.
- **Flexible and adaptable.** The literacy curriculum you choose should be flexible and adaptable to meet the needs of your students. The

curriculum should allow you to differentiate instruction to meet the needs of all learners.
