Print length : 446 pages

Foundations of American Education is a comprehensive guide to the history, philosophy, and legal foundations of education in the United States. This book provides a thorough overview of the American educational system, from its early beginnings to the present day. It examines the major influences that have shaped American education, including the Enlightenment, the Progressive Era, and the Civil Rights Movement. Foundations of American Education also explores the legal framework that governs education in the United States, including the Constitution, the Supreme Court, and state and local laws.

What's New in Foundations of American Education

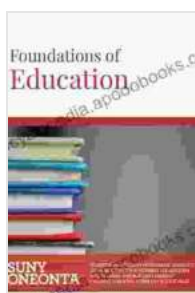

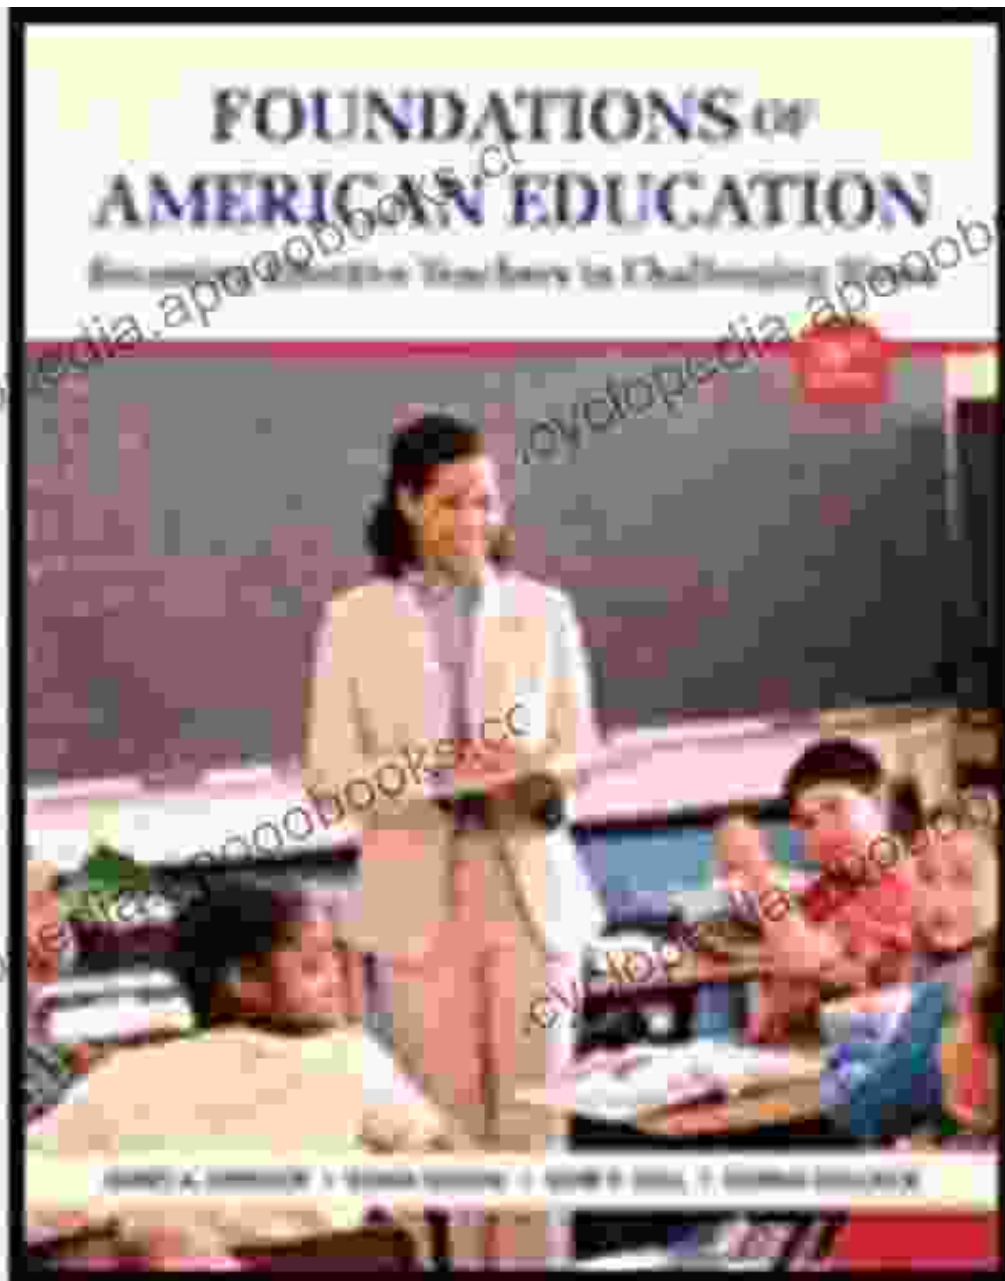

The second edition of Foundations of American Education has been updated to include the latest developments in education law and policy. This includes new chapters on the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), and the Supreme Court's recent decision in *Espinoza v. Montana Department of Revenue*. The second edition also includes a new section on the history of educational equity in the United States.

Why Read Foundations of American Education?

Foundations of American Education is an essential resource for anyone interested in the history, philosophy, or legal foundations of education in the United States. This book is also a valuable resource for educators, policymakers, and anyone else who wants to understand the current state of American education.
