

In the Shadow of the Mexican Revolution: A Journey into the Heart of a Troubled Land

John Reed's classic account of the Mexican Revolution, the first great social revolution of the 20th century, is a powerful and moving account of a people's struggle for freedom and justice.

Reed, a young American journalist, traveled to Mexico in 1913 and spent the next two years covering the revolution firsthand. He witnessed the fighting, the poverty, the violence, and the injustice that plagued the country. But he also saw the hope and determination of the Mexican people, and he believed that they would ultimately prevail in their struggle for a better life.
