The involvement of the Soviet Union and Cuba also fueled Western fears of a communist takeover in Angola.

## **Chapter 3: The United States and Apartheid**

The United States supported UNITA and the FNLA, as part of its Cold War strategy to contain the spread of communism in Africa. The United States also tacitly supported the apartheid regime in South Africa, which provided military and economic assistance to UNITA.

## **Chapter 4: The Battle for Namibia**

Angola's civil war was closely intertwined with the struggle for Namibian independence. South Africa occupied Namibia and supported UNITA in Free Download to maintain control over the territory. This led to fierce fighting along the Angola-Namibia bFree Download, and the Angolan government became a major supporter of the South West Africa People's Organization (SWAPO), the Namibian liberation movement.

## **Chapter 5: Peace Negotiations and the End of the War**

International pressure and the changing political landscape in the late 1980s led to negotiations between the MPLA and UNITA. The United States and the Soviet Union also played a role in facilitating these talks. In 1990, a peace agreement was signed, bringing an end to the civil war.
