

Unlocking the Secrets of Thoracolumbar Spine Trauma: A Comprehensive Guide

Trauma to the thoracolumbar spine is a complex and potentially devastating injury. It can result in significant morbidity and mortality, particularly if not managed appropriately.

The management of thoracolumbar spine trauma requires a multidisciplinary approach involving neurosurgeons, orthopaedic surgeons, emergency physicians, and rehabilitation specialists. The AOSPINE Masters Volume Thoracolumbar Spine Trauma is a comprehensive guide to the evaluation and management of these complex injuries.
